

Sridharan

Created github repos while learning:

1. Data Structures and Algorithms using C and C++ by Abdul Bari
2. Python Programming by Abdul Bari
3. Dev/Data Ops for Bigdata Course by Growdataskills

Projects:

1. Ecommerce ETL Pipeline CI/CD Automation
2. ESP8266 Microcontroller - IoT Project
3. Healthcare Datapipeline on AWS using Medallion Architecture
4. Terraform Project
5. Blog App API with Caching

Certifications:

1. Data Structures and Algorithms using C and C++ by Abdul Bari
2. Python Programming by Abdul Bari
3. Dev/Data Ops for Bigdata Course by Growdataskills
